8:00 P. M.

Dear Min, Tony + family,

Well, here I am with a few lines and it's about time. I know I haven't written in a long time but lately I'm not in a writing mood and besides there is nothing to write about. I'm fine and hope all of you are too. Got the pictures you sent of the girls and they sure are cute.

We're still keeping busy as usual but if everything turns out okay I should be leaving here in a few weeks. I'll let all of you know when I do. Maybe I'll be able to get in some of that fishing this summer.

I've been thinking what you said about going to Canada for a week of fishing. It sure would be okay. I probably don't even know how to cast with a rod anymore.

In the letter from home Piki always

wants to go fishing when I get home. Boy.  
be sure is chubby in the picture they  
sent.

How is the garage business coming along?  
Tony should be pretty busy right now.

Well, I don't know what else to say tonight,  
so please excuse the short letter. When

I get home me and Tony can have a good  
ball session. You and Tony will have to  
go out with me some nite, if I can pick up  
some young lady to take along.

So long for now and be good. Lots  
of love from Tony - to the little niece  
and also the grown-ups.
