UNITED STATES MARINES

Dear Everybody,

I mean Hal + Tony, Karen + Herie.
The whole bunch. How's everything?
I'm fine myself and don't have too
much writing time as of yet.

Say, you folks should be down
here. It's about 60° every day, and
almost always sunshine too.

We've got good meals down here
but I'm doing things I never did before.
Such as swabbing the decks, washing
my own clothes and things like that.
The training down here is tough but
I think I'll make it, because we've
got two darn good drill instructors
here. Corps. Martin + Sweeney.

Tell "Herie" that this letter is
from Uncle Tony and also tell her to
be a good girl. Well, the next letter
will be longer but be sure to write
to me anyway. There isn't much news
to tell about anyway, except that -
- over -

- I've got my rifle and bayonet and other
equipment. Also, learned how to field
strip the rifle.

Well, good bye for now
and be sure to write.

Fony

- my address -

Pvt. Anthony T. Malovich
