UNITED STATES MARINES

Dear Everybody,

I mean Helen + Tony, Karen + Henie.  
The whole bunch. How's everything?  
I'm fine myself and don't have too  
much writing time as of yet.

Say, you folks should be down  
here. It's about 60° every day, and  
almost always sunshine too.

We've got good meals down here  
but I'm doing things I never did before.  
Such as scrubbing the decks, washing  
my own clothes and things like that.  
The training down here is tough but  
I think I'll make it, because we've  
got two darn good drill instructors  
here. Corps. Martin + Sweeney.

Tell "Henie" that this letter is  
from Uncle Tony and also tell her to  
be a good girl. Well, the next letter  
will be longer but be sure to write  
to me anyway. There isn't much news  
to tell about anyway, except that -  
- over -

- I've got my rifle and bayonet and other equipment. Also, learned how to field strip the rifle.

Well, good bye for now and be sure to write.

Tony
