Moore 11:00
A.M.

Dear folks, (in Stykesville)

Received your letter yesterday and I was glad to hear from you. I finally got a little spare time to write and its about time. We've been pretty damn busy but they're going to let us have a day off. It was really cool last nite and it looks like winter isn't far off. I suppose its beginning to look like fall around home, too, now.

I wish I could be home for hunting season this year but let Tony get an extra deer for me this year. He usually does anyway. It'll be kind of nice having a buck or doe season all week long. Hope Joey gets one this time. There are probably plenty of pheasants around, too. I'm hoping to make it next year, tho.

Its not surprising to hear that Tony intends to go to the mountains this time. And dont worry if the things you write sound like gossip because over here any kind of news sounds good. As long as its from near home.

I'm feeling pretty good today. Got a good nites sleep last nite. First time in quite

- a while for me.

If your girls keep on growing I won't even recognize them when I get home again. But just the same you've got a nice little family.

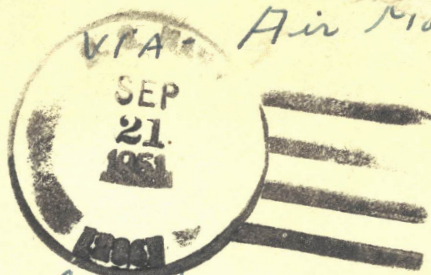

There isn't anything new on this end. It's the same old story. And now it'll just be worse with cold weather on its way. It rained last nite and even tho the sun is shining now its pretty cool out.

One more I'll close for now but when I get a chance I'll write again. As you probably know by now I'm not much of a letter writer, anyway.

So be good and heres lots of love to all
of you from -
Tony
